Today's Webinar

2022 Proposed Rule

Open Q and A

This contains ePHI. Treat appropriately.

5

Proposed Rule for 2021

- Conversion factor decrease projected -3.89%
- Clinical staff PE update -1.0% for Urology will be applied to PE RVU but projected to be offset by other changes 0% RVU change impact
- Shared/Split visit Rule Clarification
 - Shared/Split visit allowed in Facility setting only
 - "Incident to" rules apply in the office setting
 - Shared/Split visit now requires time documentation to support billing provider provided most of the visit based on time
 - Applies to every facility setting and Critical Care codes

This contains ePHI. Treat appropriately.

6

Telehealth

- Category II and III codes extended through 2023
- Requirement for presence of patient in Medicare approved facility required once PHE ends, exceptions Mental Health and Opioid Abuse
- PHE renewed 7/19/21 and indicated to be in place through end of 2021 at least.
- Expansion of RPM codes with new RTM codes

This contains ePHI. Treat appropriately.

7

New RTM codes

- **CPT code 989X4** - Remote therapeutic monitoring treatment management services, physician/other qualified health care professional time in a calendar month requiring at least one interactive communication with the patient/caregiver during the calendar month; first 20 minutes
- **CPT code 989X5** - Remote therapeutic monitoring treatment management services, physician/other qualified health care professional time in a calendar month requiring at least one interactive communication with the patient/caregiver during the calendar month; each additional 20 minutes (List separately in addition to code for primary procedure)
- **CPT code 989X1** - Remote therapeutic monitoring (e.g., respiratory system status, musculoskeletal system status, therapy adherence, therapy response); initial set-up and patient education on use of equipment
- **CPT code 989X2** - Remote therapeutic monitoring (e.g., respiratory system status, musculoskeletal system status, therapy adherence, therapy response); device(s) supply with scheduled (e.g., daily) recording(s) and/or programmed alert(s) transmission to monitor respiratory system, each 30 days
- **CPT code 989X3** - Remote therapeutic monitoring (e.g., respiratory system status, musculoskeletal system status, therapy adherence, therapy response); device(s) supply with scheduled (e.g., daily) recording(s) and/or programmed alert(s) transmission to monitor musculoskeletal system, each 30 days

MIPS Update CY2021 Final Rule/2022 Proposed Rule

Item	2019	2020	2021	2022
Quality Weight (%)	45	55	40	30
Cost Weight (%)	15	0	20	30
IA Weight (%)	15	15	15	15
PI Weight (%)	25	30	25	25
Composite Score Threshold (pts)	30	45	60	75
Exceptional Threshold (pts)	75	85	85	-
Maximum Adjustment (+/-%)	7	9	9	9
Actual Scaled Maximum adjustment (+/- %)	-	-	-	-

This contains ePHI. Treat appropriately.

Proposed Rule for 2022

- Addition of new quality 5 Measures
- Proposal to move to MIPS Value Pathways (MVPs) beginning in 2023
 - 7 MVPs to be optional in 2023
 - Goal to make QPP more relevant with lower admin time
- Move to align Interoperability to match current hospital requirements.
